

A local response to a global crisis

Around the world, ExxonMobil, along with its employees and partners, is supporting local communities affected by COVID-19. Here are just a few of those efforts.

U.S.A.

NEW JERSEY

Inside ExxonMobil's Research and Engineering Technology Center in Clinton, N.J., the company looks for energy breakthroughs. Outside campus, the company is helping the community through:

SUPPORTING LOCAL FAMILIES

in need with a \$114K donation to the Hunterdon County United Way.

HOUSTON

In Houston, home to more than 11,000 employees, ExxonMobil is donating:

 **1 MILLION MEALS** through contributions to Houston and Montgomery county food banks.

 65K face masks to the **TEXAS MEDICAL CENTER** and local first responders.

 \$100K to the **TEXAS RESTAURANT RELIEF FUND.**

THE PERMIAN

In the Permian, one of ExxonMobil's largest oil and gas production sites, the company is donating:

 \$100K to the **WEST TEXAS FOOD BANK**

 \$100K to the Carlsbad Municipal Schools for **ONLINE EDUCATION SUPPORT**

BATON ROUGE

The city's petrochemical complex houses the world's largest isopropyl alcohol production unit. Locally, ExxonMobil is donating:

 3K gallons of isopropyl alcohol to **STATE RELIEF EFFORT**

Hand sanitizer that will go to hospitals and food distribution stations for schools.

CHINA

 **EMPLOYEES RAISED \$30K** to support relief efforts locally.

 By prioritizing solutions that go into safety supplies, enough raw materials, including advanced polymers, were manufactured by mid-February to produce

MILLIONS OF MEDICAL PROTECTIVE GEAR.

THAILAND

 Employees have teamed up with local officials to raise money for the **THAI RED CROSS SOCIETY** to purchase medicals supplies for an area hospital.

ITALY

 Outside Milan, the SARPOM refinery donated **\$40K TO ACQUIRE SUPPLIES** to treat local COVID-19 patients.

PAPUA NEW GUINEA

 ExxonMobil Papua New Guinea is donating **MEDICAL SUPPLIES** to the country's National Department of Health.

BELGIUM

 Local plants are donating enough isopropyl alcohol, the primary ingredient in hand sanitizer, to make **100K BOTTLES** for the country's medical professionals and other frontline workers

 In Brussels, the company's European research center donated **FACE MASKS AND PROTECTIVE EYEWEAR** to medical facilities.

ARGENTINA

 To help support hospitals in Neuquén province, \$50K has been donated to purchase **MEDICAL SUPPLIES AND EQUIPMENT.**

SOUTH AFRICA

 Thanda, a community-based organization supported by ExxonMobil, has deployed handwashing stations so local farmers can continue to work the fields and **SUPPORT THE COUNTRY'S FOOD SUPPLY.**

NIGERIA

 Government-run health centers received a \$100K donation to purchase **COVID-19 TEST KITS, VENTILATORS AND HOSPITAL BEDS**

As needs evolve, ExxonMobil is committed to continuing its support of local communities. This graphic will be updated as additional contributions are made.
